

5.) Beyond the Realm (bonus)

Beyond this realm
Staring back at me
Sinner's eyes
Familiar and cold

Across this land
Riding by my side
A horse named death
I lead the way

The northern wind
Freezes my heart
My cold hands
Take away the stars

The burning trees
Insatiable desire
To find what I've hidden
To never be found

A trail of bones
Immortal memory
Apathetic world
To fall and never rise
