<p><b>Delivery Reattempts</b></p> <p><b>Express and Ground U.S. Nonresidential Shipments.</b> FedEx Express and FedEx Ground will reattempt delivery of U.S. nonresidential shipments if: 1) no one at the recipient address or a neighboring address is available to sign for the package and there is no signature release on file; or 2) the shipper has selected a FedEx Delivery Signature Option and no eligible recipient is available to sign for the package.</p> <p><b>Express and Ground U.S. Residential Shipments.</b> FedEx Express, FedEx Ground and FedEx Home Delivery will reattempt delivery of U.S. residential shipments if: 1) the shipper has selected a FedEx Delivery Signature Option and no eligible recipient is available to sign for the package; or 2) we, at our sole discretion, determine the package may not be released. Some exceptions apply. See the FedEx Express Terms and Conditions and FedEx Ground Tariff for details.</p> <p><b>Express Packages (International).</b> For FedEx Express international packages, we provide redelivery service upon request at no additional charge. However, if delivery of a shipment to a residential address in an international location (including a residence used as an office) cannot be completed on the initial attempt, we may, at our sole discretion, either reattempt delivery, hold the shipment at our facility until we contact the recipient for further delivery instructions, or both. After three attempts to deliver and/or three attempts to notify the recipient, or five business days from the date of shipment, whichever occurs first, the shipment may be considered undeliverable.</p> <p>For FedEx International First shipments, we may provide three delivery attempts. For shipments that cannot be delivered on the first attempt, we may reattempt delivery by 10:30 a.m. on the day of the first attempted delivery. If necessary, a second reattempt may occur by 10:30 a.m. the following business day.</p> <p><b>Express Freight.</b> For more information on FedEx Express® Freight delivery reattempts, see Delivery Reattempt Charge.</p>	Express Services, Ground Services	See the definition at left and the Pickup and Delivery section in the FedEx Express Terms and Conditions and FedEx Ground Tariff for details.
<p><b>Dimensional Weight</b></p> <p><b>Express.</b> FedEx Express may assess shipping charges based on the International Air Transport Association (IATA) volumetric standard. Dimensional weight is calculated by multiplying the length by width by height of each package in inches and dividing the total by 194 (for shipments within the U.S. and shipments between the U.S. and Puerto Rico) or 166 (for international shipments). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. Dimensional weight applies on a per-package or per-shipment basis to all FedEx Express U.S. shipments in customer packaging, and on a per-shipment basis to all international shipments and U.S. to Puerto Rico shipments in customer packaging. Shipments in FedEx packaging may also be subject to dimensional-weight pricing.</p> <p><b>Ground.</b> Dimensional weight may apply to FedEx Ground packages that are 3 cubic feet (5,184 cubic inches) or larger. Multiply the length by width by height of each package in inches. If the total is 5,184 or greater, calculate dimensional weight by dividing by 194 (for shipments within the U.S. and shipments to Puerto Rico) or 166 (for shipments to Canada). If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. Dimensions of one-half inch or greater are rounded up to the next whole number; dimensions less than one-half inch are rounded down. The final calculation is rounded up to the next whole pound. If the package measures less than 5,184 cubic inches, dimensional weight does not apply and charges will be assessed based on actual weight.</p>	Express Services, Ground Services	If the dimensional weight exceeds the actual weight, charges may be assessed based on the dimensional weight. See the definition at left for details.
<p><b>Duties and Taxes</b></p> <p>Duties and taxes, including goods and services tax (GST) and value-added tax (VAT), may be assessed on the contents of the shipment. Any such charges will be billed to the recipient, unless you instruct us otherwise. In the event we advance duties and taxes on any given shipment, the payer will be assessed a surcharge based on a flat rate or on a percentage of the total amount advanced.</p>	International Express Package Services, International Express Freight Services	See the definition at left and the Duties and Taxes section in the FedEx Express International Terms and Conditions for details.
